PLAY

About Me

My name is Rachel O' Connor and I'm a 2nd year studying Computing in Interactive Digital Art and Design (we call ourselves IDADs). I'm currently doing my studies in SETU Carlow.

I have a passion for 2D pixel art and have just started 3D modelling. I also love to make colourful websites (can you tell?) along with coding the occasional game or two.

Just recently, my wonderful team and I entered our game "Bronze Age Brawl" into Games Fleadh 2024 and we won an award for "Best in Game Play"! I was delighted for myself and my team.

Read more

2D Art

For my 2D art, I primarily use Aseprite.
I occasionally use Photoshop or Krita for non-pixel art, and for background maps, I use Tiled.

See more

3D Art

For my 3D art, I occasionally use Blender or Womp to create smaller projects, however I use Maya for larger projects.

See more

UI Design

For my UI designs, I use Figma, Inkscape and Penpot for the prototyping, then VSCode involving HTML, CSS and Javascript to develop the site itself.

I have a passion for 2D pixel art and have just started 3D modelling. I also love to make colourful websites (can you tell?) along with coding the occasional game or two.

Just recently, my wonderful team and I entered our game "Bronze Age Brawl" into Games Fleadh 2024 and we won an award for "Best in Game Play"! I was delighted for myself and my team.

When I do have some spare time and I'm feeling energised, I like to bake sweet treats or crochet with new patterns. I'm always looking for new recipes and patterns to try, so don't be afraid to send some my way!
On my lazy days, you'll find me on the couch watching films or on the Playstation.

STUDY:

Colaiste Lorcain 2016-2022
Throughout my time here, I composed both Junior and Senior Certificates in higher-level in a range of subjects such as French, Art, History, and Biology.

SETU Carlow 2022 - Present
I am currently studying Computing in Interactive Digital Art and Design, where I have gained experience in fields such as C++, JavaScript, Photoshop, Aseprite, Figma, and many more.

WORK:

Leinster Business Machines, Co. Laois
During my time here, I revamped aspects of their website, recorded service tickets, filed papers and dealt with customer calls.

Overstock, Co. Sligo
While I did experience here, I created an accurate and visually appealing another app along with a team which led to my gaining experience in using emulators.

EBA Sciences, Co. Dublin
While working for this company, I updated their multiple websites with modern signposts and created vector graphics for their courses as well as their partners.

ACHIEVEMENTS:

Fighting Words:
While participating in Fighting Words' workshops, my play was chosen to be performed in the Abbey Theatre in Dublin by professional actors.
Fighting Words are a voluntary organisation run by volunteers and mentors who aim to encourage young people to get creative with their writing and expand their writing skills.

Games Fleadh 2024 – Best in Game Play
My team and I created a game called "Bronze Age Brawl", a Lowman style game where you must fight to survive. My amazing teammates handled the code while I handled the art assets.

Licence
I currently hold a licence with categories B, M and BE, with the intention to earn many more!
